

English

Persuasive writing.

Charles Darwin biography.

Narrative story based on their favourite book.

Year 6

Summer 2021

Is evolution just a thing of the past?

Maths

Fractions, decimals and percentages.

Maths in sport.

Statistics and data

Art – What examples of evolution can we find in the world of art?

D&T – How can I create a moving toy?

Within this unit, the children will design their own mechanical beasts. The mechanisms explored by the children will include cams and followers, a simple crank or a crank and slider. They will design, make and evaluate their own product in relation to meet the design brief.

RE and Assembly

How can we become better people?

‘The Golden Rule’ in RE

Is it possible to believe in both evolution and creation?

Science – Overview -Evolution

Year 6's will recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago.

Year 6 children will be able to identify how animals and plants are suited to their environment in different ways and that adaptation may lead to evolution.

Children will know that evolution, adaptation and inheritance are part of the biology strand of science

ICT and Computing

How can I make sure I am safe online?

- E – safety, legal and moral responsibilities.
- Emotional literacy and empathy.
- How can I tackle online bullying?

How are spreadsheets a useful tool in modern life?

Key Enquiry Questions

What is evolution and adaptation?
Who was Charles Darwin and what is his significance in scientific understanding?
What is a fossil?
What can be learned from fossils?
How have animals evolved? Are they still evolving?
Can we predict future evolution and adaptations?
